Technical

- In response to the recent Hoosier Tire media release on April 7th surrounding tire supply shortages, the All Stars are asking teams to be prepared to expect a very limited supply of H15 and Medium right rear compounds this weekend during the events.
 - There will be a supplier at all both events with very limited tire supply – please be prepared with your existing inventory.
- When mufflers are required, the **only acceptable mufflers are the Schoenfeld # 14272735-78 & P1 Australia SSM5C.** A complete schedule-based list of where mufflers are required is posted on the All Star website. **Mufflers ARE required at Attica Raceway Park but are NOT required at Atomic Speedway.**
- Weight Rule effective January 2021: All racecars must weigh a minimum of 1425 pounds with a driver fully prepared to compete in the car throughout an entire event. Additional bolt-on weight will be permitted but must be mounted and fastened to the frame and/or chassis in a secure manner. All additional bolt-on weight must be mounted and fastened in the area between the bottom frame rails and axles but mounted no higher than the upper rails. At the discretion of All Star Officials additional bolt-on weight may be mounted and/or fastened forward of the front axle, but not past the front torsion bar. All bolt-on weight must be painted white.
- When using a 3-heat format, cars must finish in the top six and on the lead lap of their qualifying heat to be eligible for the dash.
- A caution flag will be thrown for any car(s) that does a 360-degree spin during green flag racing. Car(s) that perform a 360-degree spin and can continue without stopping after a caution has been called, even if contact is made with another car or obstruction, will not be charged with a caution.
- Sunshields are permitted. The maximum height is 9 inches. Sunshields cannot extend beyond the down tubes of the car. No dish visors or wicker bills allowed.
